MPT
Technology platform

Support Dual-Brand 2.4G
40M 2*2+5G160M2.2 DBDC WIFI

Made In China

Support WPA,WPA2, WPA3 encryption and decryption

Made In China

Wi-Fi 6

Features:

- Dual core ARM cortex A9 1.2G Hz
- Integrated 5GE PHY, one RGMII
- Support Wifi AP mode
- POE function can be customized
- Supports 6 GE MACs,1000M/100M/10M rate mode and standard MIB statistics
- Supports IEEE802.11a/b/g/n/ac/ax wireless LAN communication protocol

FASTER . STRONGER . SMARTER CONNECTION

SPECIFICATIONS	
Wireless Standard	WiFi 6 (802.11ax)
Dual Band	2.4GHz + 5GHz
Antennas	4 × High Gain External Antennas
Processor	High Performance Dual-Core
Memory	Embedded Memory Optimized for High Performance
Security	WPA/WPA2/WPA3 Enterprise Security
Power Input	12V \ 1A
Dimensions	230 × 144 × 35 mm
Operation Mode	Access Point Mode / Wireless Repeater Mode
Hardware Acceleration	Hardware NAT Acceleration
Hardware Acceleration	PoE Ready (Optional)
PoE Support	MPT Mobile App Support
Mobile App	Manage Router Anywhere
Remote Management	Real-Time Device Monitoring
Device Monitoring	Network Usage Analytics
Analytics	

Experience ultra-fast and stable connectivity with the MPT Dual Brand Wireless Router, designed for seamless streaming, gaming, and smart home performance. Featuring next-generation Wifi 6 technology, advanced WPA3 security, and powerful dual-band coverage for modern networking needs.
